# WHY PUT ALL YOUR EGGS IN ONE BASKET?

**B**ooks are the foundation of a library's operations, but the list of book vendors continues to diminish. With so many changes in the industry, is it prudent to limit your library to a single resource?

Vendor buyouts and consolidations mean continual adaptation to new – often more rigid – policies and procedures. And it costs you time and dollars when your orders are cancelled, unfilled, or labeled “not available.”

Diversifying vendors can help to fully utilize your budget and save you countless hours of staff time.

- Midwest Library Service has been serving public and academic libraries for more than 50 years.
- Our goal is complete order fulfillment, and our record of 95 percent fulfillment speaks for itself.
- We are not inventory-dependent. In addition to stock, our resources include more than 15,000 publishers in the U.S., Canada, and the U.K.
- Our efficient online order system, broad range of services, and expert team of sales and service representatives are designed to make your job easier...
- ...and we're willing to customize our procedures to address your library's specific needs!

***Stable. Reliable. Flexible.***

Whether your primary or supplementary vendor, Midwest Library Service assures you of an unparalleled level of support and exceptional, personalized service.
